Relevant Experience: **Member and Transportation Working Group Chair,**
Baltimore City Commission on Sustainability - Baltimore, MD
April 2008 – Present

- Organized a series of small group sessions and public meetings to develop sustainable transportation goals and strategies for the City's Sustainability Plan, working closely with City and MTA staff, advocacy organizations, youth, and other residents
- Currently meet monthly to review relevant legislation before the Baltimore City Council and assess the implementation of the Sustainability Plan
- Serve as a source of information regarding sustainable transportation and planning for fellow Commission members, City staff, and community members

Transportation Planner, Kittelson and Associates, Inc. - Baltimore, MD
January 2004 – September 2009

- Worked collaboratively with project stakeholders to develop transit feasibility studies, corridor plans, Transit-Oriented Development policy, transportation elements for small-area plans, traffic impact studies, bicycle/pedestrian plans, transportation demand management strategies, and regional long-range transportation plans
- Managed all aspects of projects including proposal development, developing & monitoring project budgets, interfacing with clients, supervision of project staff, designing & managing public involvement, presentations to clients, and drafting of interim & final reports
- Conducted research on a variety of transportation issues including economic impacts of Bus Rapid Transit and multimodal level of service analysis
- Utilized GIS and other software to evaluate and represent existing and future conditions for multimodal projects

Project Coordinator, Neighborhood Design Center - Baltimore, MD
July 1999 – December 2003

- Coordinated provision of assistance to community organizations seeking planning, architectural, engineering, and other design services
- Recruited volunteer architects, landscape architects, planners, and engineers for work on a variety of community-based projects
- Led planning workshops and design charettes to develop community plans, Planned Unit Development ordinances, and/or Urban Renewal plans for Washington Village/Pigtown's commercial corridor, Belvedere Square, the neighborhoods of Carrollton Ridge and Mill Hill, and other communities in Baltimore City and County
- Supervised and evaluated the work of land use and transportation planners in the development of the Orleans St. Corridor Community Plan, the Operation ReachOut SouthWest Industrial Redevelopment Strategy, the Greater Northwest Community Coalition Revitalization Plan, among other plans

Graduate Assistant, Highway Safety Research Center - Chapel Hill, NC
May 1998 – October 1998

- Researched and wrote case studies of pedestrian & bicycle improvements for publication by Federal Highway Administration (FHWA)
- Analyzed pedestrian/vehicle crash data with socioeconomic variables and roadway geometry to determine potential risk factors
- Reviewed documents relating to traffic calming treatments

AmeriCorps*VISTA, The Providence Plan - Providence, RI

September 1996 – August 1997

- Assisted Woonasquatucket River Greenway Project staff in the development of greenspace and economic revitalization along an urban river in a low-income community
- Utilized Maptitude (GIS) to produce maps for documents, presentations, and displays
- Created and revised letters, flyers, reports, and minutes for distribution to government and community agencies

AmeriCorps*VISTA, Habitat for Humanity of RI - Greater Providence, Inc.

June 1995 – June 1996

- Planned and implemented special events/fundraisers for local affiliate of an international housing non-profit
- Coordinated public relations efforts, including production of newsletters and press releases
- Supervised volunteers and employees in an office setting and at construction site

Citizen Outreach Director, Fund for Public Interest Research - Providence, RI

July 1994-May 1995

- Conducted press conferences and formed coalitions to influence environmental and consumer rights legislation
- Directed door-to-door fundraising and education efforts for the Sierra Club and U.S. PIRG
- Recruited, hired, trained, and supervised campaign staff

Volunteer Coordinator, Friends of the Parks - Chicago, IL

February – August 1992

- Coordinated government agencies, community groups, and businesses organizing city-wide clean-up projects including Chicago's Earth Day 1992
- Researched political developments and conducted environmental education in schools
